The diagram illustrates a control flow or data dependency. Two source functions, `Ikarus::EnhancedAssumedStrains::calculateAtImpl` and `Ikarus::EnhancedAssumedStrains::calculateVectorImpl`, are shown on the left. Both have blue arrows pointing to a single destination function, `Ikarus::viewAsFlatEigenVector`, which is highlighted with a gray background. The arrows originate from the right side of each source box and point towards the left side of the target box.
