

Ikarus::Python::register
NeumannBoundaryLoadPre

Ikarus::Python::register
VolumeLoadPre

Ikarus::volumeLoad

```
graph LR; A["Ikarus::Python::register<br/>NeumannBoundaryLoadPre"] --> C["Ikarus::volumeLoad"]; B["Ikarus::Python::register<br/>VolumeLoadPre"] --> C;
```

The diagram illustrates a dependency or registration process. On the left, there are two white rectangular boxes. The top box contains the text 'Ikarus::Python::register' followed by 'NeumannBoundaryLoadPre' on the next line. The bottom box contains 'Ikarus::Python::register' followed by 'VolumeLoadPre' on the next line. On the right, there is a gray rectangular box containing the text 'Ikarus::volumeLoad'. Two blue arrows point from the right side of the two white boxes to the left side of the gray box, indicating that both registration functions are associated with or point to the 'Ikarus::volumeLoad' function.
