

Ikarus::Python::register  
KirchhoffLoveShell

Ikarus::Python::register  
LinearElastic

Ikarus::Python::register  
Element

```
graph LR; A[Ikarus::Python::register KirchhoffLoveShell] --> C[Ikarus::Python::register Element]; B[Ikarus::Python::register LinearElastic] --> C;
```

The diagram illustrates a registration process. On the left, two separate boxes represent registration functions: 'Ikarus::Python::register KirchhoffLoveShell' (top) and 'Ikarus::Python::register LinearElastic' (bottom). Both boxes have arrows pointing to a single box on the right, 'Ikarus::Python::register Element'. The right box is shaded gray, while the left boxes are white with black borders. This suggests that both specific element types are being registered into a common 'Element' registry.
