

Ikarus::Python::register  
LinearElastic

Ikarus::Python::register  
NonLinearElastic

Ikarus::Python::register  
CalculateAt

```
graph LR; A[Ikarus::Python::register  
LinearElastic] --> C[Ikarus::Python::register  
CalculateAt]; B[Ikarus::Python::register  
NonLinearElastic] --> C;
```

The diagram illustrates a dependency or registration flow. On the left, there are two white rectangular boxes. The top box contains the text 'Ikarus::Python::register' followed by 'LinearElastic' on a new line. The bottom box contains 'Ikarus::Python::register' followed by 'NonLinearElastic' on a new line. On the right, there is a gray rectangular box containing 'Ikarus::Python::register' followed by 'CalculateAt' on a new line. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both registration functions are associated with or lead to the 'CalculateAt' function.
