The diagram illustrates a function call or inheritance relationship. Three source functions on the left (Ikarus::LinearElastic::calculateScalarImpl, Ikarus::NonLinearElastic::calculateScalarImpl, and Ikarus::KirchhoffLoveShell::calculateScalarImpl) are shown in white boxes. Arrows from each of these boxes point to a single target function on the right (Ikarus::Volume::calculateScalarImpl), which is shown in a gray box. This suggests that the target function is a common base or a function that is called by the three source functions.
