

```
Ikarus::FlatPreBasis  
< Dune::Functions::Composite  
PreBasis< IMS, SPB... > >  
::create
```

```
Ikarus::flatPreBasis
```

```
Ikarus::FlatPreBasis  
::create
```

The diagram illustrates a mapping or transformation. On the left, there are two boxes. The top box contains a C++-style function signature: `Ikarus::FlatPreBasis < Dune::Functions::Composite PreBasis< IMS, SPB... > > ::create`. The bottom box contains the identifier `Ikarus::flatPreBasis`. Two blue arrows originate from the right side of these boxes and point towards a single target box on the right. The target box contains the text `Ikarus::FlatPreBasis ::create`. The target box has a light gray background, while the source boxes have white backgrounds.
