

Ikarus::AdaptiveStepSizing  
::IterationBased::setTargetIterations

```
graph LR; A["Ikarus::AdaptiveStepSizing  
::IterationBased::setTargetIterations"] --> B["Ikarus::AdaptiveStepSizing  
::IterationBased::targetIterations"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'Ikarus::AdaptiveStepSizing' on the first line and '::IterationBased::setTargetIterations' on the second line. The right box is gray with a black border and contains the text 'Ikarus::AdaptiveStepSizing' on the first line and '::IterationBased::targetIterations' on the second line. A blue arrow points from the right side of the left box to the left side of the right box.
