

lkarus::makeDenseFlatAssembler

lkarus::makeSparseFlatAssembler

ikarus.dirichlet_values.dirichlet
Values

```
graph LR; A[lkarus::makeDenseFlatAssembler] --> C[ikarus.dirichlet_values.dirichlet Values]; B[lkarus::makeSparseFlatAssembler] --> C;
```

The diagram illustrates a dependency or relationship between two functions and a common variable. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'lkarus::makeDenseFlatAssembler' and the bottom box contains 'lkarus::makeSparseFlatAssembler'. On the right, there is a gray rectangular box with a black border containing the text 'ikarus.dirichlet_values.dirichlet Values' on two lines. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions interact with or depend on the variable represented in the gray box.
