The diagram illustrates a dependency or call relationship. On the left, two separate boxes represent functions: 'Ikarus::KirchhoffLoveShell::calculateMatrixImpl' (top) and 'Ikarus::KirchhoffLoveShell::calculateVectorImpl' (bottom). Both of these functions have blue arrows pointing to a single box on the right, 'Ikarus::DefaultMembraneStrain::derivative'. This target box is shaded gray, while the source boxes are white with black borders.
